Science Internship as a Way to Get Started in E-Science
Boston College Libraries

Goals of the Science Librarian Internship, Boston College Libraries
- Call added support for collection development and reference activities; online catalog user who has a clearly demonstrated interest and experience in the library sciences.

The Science Librarian Internship offers students pursuing Information Science or related degrees an opportunity to gain valuable work experience in the Boston College Libraries.

Interns will be assigned to a specific department, based on the skills and interests of the student and the needs of the Libraries.

Structure and Tasks of Internships (2008 and 2010)

What’s Happened Since (Fall 2010)?

Fall 2007
- Follow-up session with senior students
- Science Internship Program - Boston College Libraries - Fall 2008
- Senior Internship Program - Boston College Libraries - Fall 2009
- Science Internship Program - Boston College Libraries - Fall 2010

What Did the Boston College Libraries Gain?
- An opportunity to recruit new students
- An opportunity to provide hands-on experience for students
- An opportunity to connect with the academic community
