Empowering Health Information Outreach in New England

The Network

Empowers their users at quality health information at the point of care and need at their institutions.

- Full Member Libraries provide information support to health care providers, researchers, students, and their patients. Full members use DOCLINE for their users document delivery needs.

- Affiliate Member Libraries provide information support to students, patients, and the public.

Training

Provides in person and e-learning educational opportunities on National Library of Medicine resources and services and other hot topics for network member libraries, health professionals, community based organizations and consumers.

Examples of programs offered:
- Emergency Preparedness
- Going Green with the NLM
- Customized PubMed and DOCLINE presentations
- Consumer Health Information
- PHPartners.org
- Senior Health
- Grant and Proposal Writing and much more!

Public Health

From the Partners in Information Access for the Public Health Workforce, a collaboration of U.S. governmental agencies, public health organizations, and health sciences libraries.

PHPartners.org provide access to resources from government agencies, professional and research organizations, libraries and educational institutions.

The Partners mission is to help the public health workforce find and use information effectively to improve and protect the public’s health.

Funding

Connects medical libraries, public libraries, health professionals, public health workers and community based organizations in the common goal of health promotion.

- Extends outreach mission of the NLM
- Improves library services for network members
- Increases viability of libraries within their institutions
- Provides opportunity to engage with the wider community

The NN/LM NER funds extended health information outreach subcontracts and express outreach.

Goals:

- Promote National Library of Medicine online health information to librarians, health professionals and consumers
- Strengthen network libraries and provide outreach to public libraries, public health and community based organizations
- Facilitate outreach work of member libraries
- Foster collaborative programming for specialized populations

The numbers (2006-present)

- NN/LM NER staff training activities 320
- Number of attendees at activities 3,442
- NN/LM NER funded outreach activities 93
- Total amount for funded outreach projects >$650,000
