UMass Medical School's digital archive & publishing system for research & scholarship

Deposit your papers, posters, presentations, & data... to disseminate to a wider audience... to gain more exposure to your work or ideas... to facilitate research... to receive usage statistics... it's easy for faculty, students, & staff to participate!

Exposure

Poster with 6,300+ downloads!

"Without the tremendous response of our tiny pilot study, we would not have undertaken such a risk in forging forward with our current study. We greatly appreciate the exposure eScholarship@UMMS has provided for us in pursuing this groundbreaking and important research."

— Barbara Olendzki, RD, MPH, LDN, Assistant Professor of Medicine

International reach

Grant support

Open Access

is defined as free, immediate, unrestricted online access to scientific and scholarly research. There are 2 primary roads to open access:

• publishing in open access journals, and
