# Challenging Issues in Community Health: The Role of Research: Paths to Obtaining Funding for Community Engaged Research

Laura L. Hayman, PhD, MSN  
UMass Boston

Stephenie Lemon, PhD, UMass Medical School

# The UMass CTSA Grant

- **UMass CCTS Community Engagement & Research Section Pilot/Feasibility Grants Program:**
  - These awards focus on community engaged research, defined as “ the process of working collaboratively with and through groups of people affiliated by geographic proximity, special interest, or similar situations to address issues affecting well-being of those people (CDC, 1997).
  - Awards can be proposed by faculty from any UMass campus working in partnership with any community organization in the area of translational research related to the improvement of health in real world communities.
  - Intent is for these initiatives to provide a basis for the development of applications to NIH and other funding agencies to carry out larger, more comprehensive studies.

# The UMass CTSA Grant

- **UMass CCTS Community Engagement & Research Section Pilot/Feasibility Grants Program:**
  - **The Research can include:**
    - **Assessment of new methodologies**
    - **Observational studies**
    - **Needs assessments**
    - **Pilot/feasibility studies that use qualitative and/ or quantitative data or**
    - **Initiatives that are spin-offs of existing larger research initiatives if the additional funding addresses unique study aims**

**UMCCTS Pilot Studies in Community Translational Research  
Community Engagement and Research Core Awardees**

<b>UMass Campus: Investigator(s)/Dept.</b>	<b>Community Partner</b>	<b>Project Title</b>
<b>2012 CTR</b>		
Worcester: <b>Carol Bova, PhD, RN, ANP</b> Graduate School of Nursing	<b>Chioma Nnaji, MEd, MPH</b> Augustus Woyah & Alice Kwanuka Kavuma Multicultural AIDS Coalition <a href="http://www.mac-boston.org/">www.mac-boston.org/</a>	The African Health Cup: An HIV Education and Health Promotion Intervention for African Immigrant Men
