Message from the Director

In an effort to address the inflationary cost of rising journal prices as well as to add new titles requested by many faculty, in May 2008 the Library asked for feedback on a list of 350 journal titles that had 15 or fewer uses in their print or electronic format. These titles were identified for possible cancellation. The Library received 317 responses commenting about one or more specific titles on

the proposed journal cancellation list. As a result of this feedback, the list of titles to be eliminated was reduced from 350 to 121. The Library has been working since July to implement these cancellations.

The Library also receives a number of new journal titles requests each year. The Library is aware of the need to add new titles to the collection especially in areas that cover new research initiatives for the UMass Academic Health Sciences Center. However, with the average cost of a medical journal being \$1,200 per year, it is difficult for the Library to commit to those costs on an ongoing basis in these challenging economic times. The Library was able to add a small number of new titles this year as a direct result of the above journal cancellations. These titles will be in an electronic-only format.

Users of the Library's print collection will notice another change to the journal collection in 2009. In an effort to reduce cost, the library has begun to transition journal subscriptions from both print and online formats to online only. Of the 1,350 journal subscriptions to be available in 2009, 212 will be electronic-only. The paper equivalent of these 212 titles will no longer be purchased by the Library. The Library will be working with departmental representatives serving on the Library and Learning Resources Committee to identify more titles for electronic-only purchase for 2010.

The Library appreciates the feedback we received with respect to our journal use study. We encourage your engagement in the ongoing discussions about print versus electronic-only formats that will take place over the next year. The Library strives to meet the needs of the faculty, staff and students of the UMass Academic Health Sciences Center community. We remain committed to providing our users with quality health information to support your education, research, and patient care needs through access to an excellent and well-balanced journal collection.

Titles Cancelled in 2009 and Planned in 2010

As a result of the Library Journal Study conducted in January - June 2008 the library identified 121 titles to be cancelled, as a result of contract restriction 101 titles were actually cancelled in 2009, and 20 will be cancelled in 2010.

In some cases for titles canceled in 2009, the library will continue to have electronic access to the back issues in the years the library did subscribe. It is a vendor by vendor contract issue and depends on if the library leased access or purchased access.

X = Cancellation has been processed

NA = The library did not subscribe to the title in that format

Pending = Still working with vendor to carry out the cancellation in 2009

2010 = Will be cancelled in 2010

Titles Converted to Electronic-Only in 2009

212 titles have been converted to an electronic-only subscription in 2009

20 titles were identified to be totally eliminated, but due to contract restrictions the library was only allowed to cut the print. The library will try and cut these titles again in 2010.

2010 = Title will be cancelled in 2010

Academic Pediatrics (Former title: Ambulatory Pediatrics)	Canadian Association of Radiologists journal = 2010
Acta Ophthalmologica 2010	Journal l'Association canadienne des radiologistes.

New Titles in 2009

The Library was not able to add all the new titles requested by faculty.

Those titles that were added were to balance out title cancellations and stay within vendor contract limits.

American Journal of Geriatric Pharmacotherapy • Journal for Nurse Practitioners
Disability and Health Journal • Journal of Health Economics • European Journal of Cancer • Neurotoxicology

COMING SOON! The launch of our Single Service Desk (January 5th)!
