The e-Science Portal is a resource for librarians, library students, information professionals, and interested individuals to learn about and discuss:  
- Library roles in e-Science  
- Fundamentals of domain sciences  
- Emerging trends in supporting networked scientific research

Getting Started in e-Science

Preparing eScience Librarians for Managing Research Data

Sponsored e-Science Programs:
We encourage community involvement through portal comments, discussions, contributions and attending events. Join the conversation and participate in many regional data science events and programs!
