\textit{Rubric}, n. A heading of a chapter, section, or other division of a book, written or printed in red, or otherwise distinguished in lettering; a particular passage or sentence so marked. (Oxford English Dictionary [online])

University of Massachusetts Medical School
Massachusetts College of Pharmacy and Health Sciences
Rubrics:
• Provide timely feedback
• Prepare students to use feedback
• Encourage critical thinking
• Facilitate communication to other instructors
• Renew teaching skills
• Level playing field for all students
