Southern New England Practice Transformation Network: Thinking Outside the Box Solved Our Enrollment Challenges

David Polakoff
University of Massachusetts Medical School
**TCPi Aim 1:**
Support 140,000 Clinicians in Practice Transformation

"As a small practice owner, I am truly relieved to know that there are resources and good minds out there to help me navigate the changes."
– New member

**Thinking Outside the Box Solved Our Enrollment Challenges**

**Annual Clinical Enrollment Targets**

Year 1: 2667 + Year 2: 2603 + Year 3: 130  
Total: 5400

**Challenges**
- Transformation fatigue
- Rapid growth of ACOs in MA and CT made many clinicians ineligible
- Clinicians unclear of ACO status

**Strategies**
- **Refocus efforts:**
  - Recruitment became a part of everyone’s job
  - New outreach hire and bi-weekly “huddles” to increase team collaboration
  - Target specific specialty clinicians and geographic areas
- **Outreach:**
  - SANS, specialty societies, professional organizations, large practice networks
- **Techniques:**
  - In-person meetings, conferences, website, webinars, email, social media, brochures

**Success**
- **Achieved 186% of our Year 1 enrollment target** by September 30, 2016
- Working with Vision Source, a large national network, opened up a network of providers

**Next Steps**
- Expedite PAT and Transformation Plan completion
- Evolve support team and messaging:
  - Hire specialty care subject matter experts
  - Virtual communication with Webinars and “Office Hours”

**Cumulative Clinician Enrollment By Month**
