ALL	543	

Training

Provides in person and e-learning educational opportunities on National Library of Medicine resources and services and other hot topics for network member libraries, health professionals, community based organizations and consumers.

Examples of programs offered:

- Emergency Preparedness
- Going Green with the NLM
- Customized PubMed and DOCLINE presentations
- Consumer Health Information
- PH Partners.org
- Senior Health
- Grant and Proposal Writing and much more!

National Library of Medicine training session at the Boston Public Library

Public Health

From the Partners in Information Access for the Public Health Workforce, a collaboration of U.S. governmental agencies, public health organizations, and health sciences libraries.

PHPartners.org provides access to resources from government agencies, professional and research organizations, libraries and educational institutions.

The Partners mission is to help the public health workforce find and use information effectively to improve and protect the public's health.

Outreach

Connects medical libraries, public libraries, health professionals, public health workers and community based organizations in the common goal of health promotion.

Exhibiting brings resources to users like:

- American Academy of Family Physicians
- Case Management Society of New England
- National Association of School Nurses
- Connecticut Science Teachers Association
- New England Association of Fire Chiefs

Regional Exhibit

Funding

- Extends outreach mission of the NLM
- Improves library services for network members
- Increases visibility of libraries within their institutions
- Provides opportunity to engage with the wider community

The NN/LM NER funds extended health information outreach subcontracts and express outreach.

Healthy Community Coalitions Mobile Health Unit

Reaching Underserved Populations

Member Libraries reach new populations with projects like:

- Connecting the Somali population of Lewiston, Maine with health services at Central Maine Medical Center
- Providing a library and science based curriculum to middle school students in Worcester, MA
- Enhancing SPIRAL, the Selected Patient Information Resources in Asian Languages web site, that provides native language health information to communities served by Tufts University and the world.
